

# Y4D FOUNDATION

Empowering the Underprivileged

**OCTOBER 2024**

Y4D Foundation is a non-profit organization based on the idea of empowering the underprivileged. We aim to bring societal change through our interventions in areas of education, livelihood, healthcare, & environment. With an ambition to enable equal opportunities for all, Y4D undertakes numerous initiatives which are supported by our corporate partners and other stakeholders.

## EDUCATION

### Inauguration of 2 Digital Labs at Pune

Y4D Foundation, in partnership with Smiling Rocks, has launched digital labs at Shri Shivaji Madhyamik Vidyalaya in Ambegaon Budruk and Ramrajya Madhyamik Vidyalaya in Bibwewadi, Pune! This initiative is a big step forward in empowering rural communities through education.

Our goal is to give every student access to modern digital resources, such as smartboards, computers, furniture, and skilled trainers to support both students and teachers. By establishing digital labs and offering essential learning tools, we are reshaping education and opening up new opportunities. Together, we're preparing classrooms for the future and laying the groundwork for a brighter tomorrow.

### Bringing Smart Technology and Learning Tools to Classrooms

Y4D Foundation, in collaboration with Hindustan Coca-Cola Beverages (HCCB), has launched the Digital Smartboard Installation and Notebook Distribution Project in Morvande Village, Ratnagiri, Maharashtra.

This initiative is designed to make learning more interactive and accessible by introducing advanced technology into classrooms and providing essential learning tools to students.

The project's goals include enriching the educational experience, fostering digital literacy, and helping to close education gaps in rural areas. Through the installation of digital smartboards and distribution of notebooks, the project is empowering students with the tools they need for a brighter future.

## LIVELIHOOD

### Empowering Women with Financial and Digital Skills

Y4D, in partnership with Hindustan Coca-Cola Beverages (HCCB), organized a special women's empowerment training session on financial and digital skills in Vasana Khurd village, Goblej, as part of Volunteer Week. Over 40 local women participated enthusiastically, joined by HCCB employees from the Sanand and Goblej plants. Esteemed guests and local village leaders also attended, showing their support for this impactful event.

The Y4D Foundation led several engaging sessions focused on empowering women with essential skills for independence and growth. Participants learned about budgeting, saving, and digital literacy, gaining tools to manage their finances and explore online opportunities. The training aimed to build confidence, foster self-reliance, and open new paths for these women to support their families and communities.

### WASH Sessions on Hygiene and Wellness

The WASH sessions, organized by Y4D Foundation in collaboration with HCCB, aimed to equip students with essential knowledge for maintaining health and hygiene. Through practical demonstrations, the girls learned effective handwashing techniques and ways to keep their surroundings clean, building habits that promote health and well-being in their families and community.

The CSR Head from Hindustan Coca-Cola Beverages (HCCB) visited Pirangut, Pune, to review community support activities at Zilla Parishad (ZP) schools in Pirangut, Urawade, and Lavale. At Lavale's ZP Primary School, a doctor and a pharmacist led an interactive session with 51 girls, teaching them the importance of handwashing, access to clean water, and proper sanitation. As part of this WASH (Water, Sanitation, and Hygiene) initiative, each girl received a WASH kit to encourage good hygiene habits in their daily lives. This initiative highlights HCCB and Y4D's commitment to creating a healthier future through education and accessible resources.

## HEALTHCARE

### Free Mega Health check-up Camp at Vijaypura

In collaboration with STIHL India, Y4D Foundation launched a 2-day Mega Health Camp in Vijaypura to bring essential healthcare services to underserved community members, including villagers, farmers, and students—all free of cost.

The camp addressed various health needs in the presence of esteemed guests through specialists, including a General Physician, Paediatrician, Dentist, Gynaecologist, and Ophthalmologist, ensuring that each patient received quality care.

Over 625 people benefited from general check-ups, child health services, dental care, women's health consultations, and vision screenings throughout the two-day event. This initiative takes a meaningful step toward making healthcare more accessible, uplifting communities, and supporting wellness for all.
